Recording Secretary

January 15, 2014

Teamsters Local 399 has extended both the Commercial Drivers and Location Scout/Manager Agreements with the AICP for one year. The contracts were set to expire on January 31, 2014 and this administration did not want to give up the 2% rate increases for three to six months by postponing negotiations. The extension letter will be posted on our website today.

During the one-year extension the Pension & Health contributions will match those now in effect and will remain current with the IATSE during the extension. Our membership will receive a 2% increase on February 1, 2014, without interruption. The increase is also in line with the IATSE's new agreement and will avoid any loss of wage increases for our members.

We will begin negotiations for a new two year agreement in early September which will allow us time to create a commercial driver negotiating committee to formulate proposals prior to negotiations. We will meet with all of the affected constituencies to make certain we are prepared to negotiate the agreements.

The new successor agreement will take effect February 1, 2015 and continue through January 31, 2017 so we can continue to be in sync with our brothers and sisters of the IATSE.

If you have any questions or comments, please feel free to contact me or Business Agents Joshua Staheli and Ed Duffy.

Fraternally,
Steve Dayan
Secretary-Treasurer
Teamsters Local 399
